

ACCEPTANCE TO  
SERVICE  
REPORTING

## INTRODUCTION

As part of the Medicare/Medicaid Program, Alpine Care Home Health must follow all rules, which include federal, state and local laws, and standards set by our accrediting organization CHAP.

This report has been made to give clear information so that future patients and those referring patients can pick the right agency based on their care needs. This helps avoid delays that could lead to extra hospital visits. The report also meets the Medicare rule for accepting patients for service.
